# CALISTA

---

B E R N H A R D T

Calista combines the simple beauty and clean lines of modern silhouettes with bright reflective surfaces, polished nickel frames and lyrical design details for a look that's fresh, feminine and glamorous. Created using meticulous techniques, the Silken Pearl finish adds luminous depth to the linear wood grain of ash solids and quartered ash veneers. Rows of vertical metal rods form dazzling, unexpected bases for signature pieces. Silver silk screening highlights the rhythmic curves of accent tables with slim tapered legs capped in silver ferrules. Hardware feels more like jewelry, including a series of bold silver florets, sliced natural agate and double silver teardrops. Metal overlays and polished metal bases feature a range of melodic, intertwining curves. At first glance, you can't miss Calista's show stopping pieces, but take a closer look. There's a delicate subtlety and a sense of purity that brings light to the collection's stylish sophistication.

## SIGNATURE ELEMENTS

### INSPIRATION

While Calista's forms are transitional, they've been updated with a glamorous twist. The collection features a linear wood grain, serpentine shapes and an elegant white finish. It also boasts a unique mix of materials that includes metal, agate, and silver leaf.

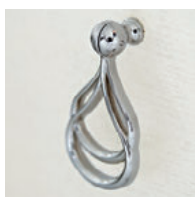

### ARTISTRY

While Calista has a clean aesthetic, pieces offer shape and movement. The group also features a variety of design flourishes, including floral hardware, decorative metal grille work, a laser-cut sunburst mirror, and a silver silk screen design.

### ACCENTS

Throughout the Calista collection, stainless steel is found in a Polished Nickel finish. In addition, silver leafing with a light amber glaze and spatter comes in a Silver Luster finish and is used on mirrors, chests, and accent pieces.

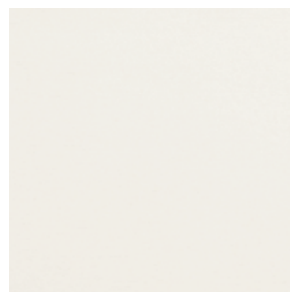

### HARDWARE

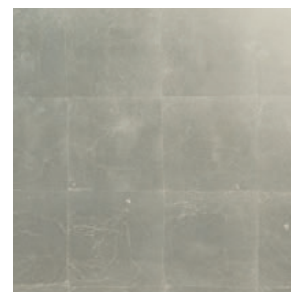

Hardware comes in a Polished Nickel finish. Double drop pulls are one example of the jewelry-like details found in the collection's hardware. While sliced white agate with nickel-plated edging and striking florets also add to the allure.

## FINISHES & MATERIALS

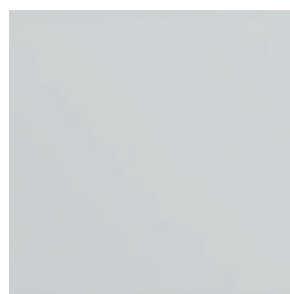

The ash solids and quartered ash veneers offer a straight grain that feels extremely modern and clean. The Silken Pearl finish gives the veneer a soft luster and is achieved by applying a pearl wash, then a pearl padding, and finally a pearl spatter. The wood finish is complemented by stainless steel in a Polished Nickel finish and an amber glazed silver leaf in a Silver Luster finish.
